

PRESIDENT IS HIMSELF AGAIN.

Mr. Roosevelt Recovers His Old-Time Nature.

Fears of Friends Over His Condition End.

Now Engaged in Preparing Several Speeches.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Sept. 1.—[Exclusive Dispatch.] Before September ends President Roosevelt will leave Oyster Bay and the "summer capital" will resume its old-time nature.

Reports have reached here that the President has been much better than he has been in his long island home, for the truth is he was badly "on his nerves" when he left here for his vacation, and his closest friends and family were worried concerning his highly irritable condition.

With renewed vigor, it is said, there has returned more of his old-time urbanity and good nature, and he feels convinced again that the republic still lives.

It was the President's determination to have a quiet summer as well as his physician's advice, which compelled Secretary Lusk to be so strict in relation to the callers who have sought entrance to Sagamore Hill. Many have been turned away, and those included even government officials who came unbidden.

One of the President's friends says that another reason why the President wanted to be unmolested by the politicians was that he wanted the people to believe that he really did intend to be a candidate for a third term and had no "fence to fix up" for the national campaign.

His friends say that, despite the persistence of some newspapers in seeking to keep before the public the possibility of his accepting another nomination, Mr. Roosevelt, at least, cannot be accused of scheming with the politicians during the summer.

AT WORK ON SPEECHES.
What the President regards as probably his last trip in his own behalf as Chief Executive and in his capacity of private citizen, which he will undertake when he leaves Oyster Bay September 29 for the Middle West and Southwest.

Politicians are speculating as to whether the President's previous popularity with the people will be demonstrated anew on this occasion. While he will not go beyond the Mississippi River, he will make a number of speeches in Ohio, Iowa, Missouri and Tennessee before returning to Washington, and on these speeches he is now working.

On September 26 he will attend the dedication of the monument of President McKinley, where many of his old-time friends will meet him, and where he will make his first speech. He will then depart on an inspection trip of the Mississippi river, accompanied by members of the Inland Waterways Commission.

From Keokuk, Iowa, where the President will make a stop, he will proceed to the river's mouth, St. Louis, where he will make a number of speeches and handshakes with eager people, but it has been indicated that many persons will line the river banks to get a glimpse of the President as he passes by. The river trip will be punctuated by functions at St. Louis, where another speech will be delivered at the city and at Memphis, where the cruise will end.

BUSY SESSION EXPECTED.
The President expects to be back to Washington again on October 6. As Congress will convene on the first Monday in December, the President will be occupied meantime in discussing with party leaders the subjects to be treated in his annual message.

Thus, early in the month of October, busy and interesting winter in Congress, and big politics as well will be played preliminary to the campaign next year.

Two incidents are being discussed by the politicians bearing on President Roosevelt's part in the campaign. One is that from some source, Oyster Bay folk have received the information that next summer will be unusually lively in their town, and arrangements for enlarging the hotel accommodations there and making other improvements, are being planned. The other is the statement from close friends of the President that in the event of Secretary Taft's nomination for the Presidency next June, the President will give him the campaign and make speeches for Taft.

The first rumor is open to two constructions, either that the President expects Taft's nomination and intends to have the Republican campaign run for the most part from Oyster Bay, or that Taft failing to meet with sufficient support to secure the Republican nomination, Mr. Roosevelt may be prevailed upon to accept another nomination rather than any other than his own choice selected by the convention.

ARE COUNTING TAFT IN.
War Secretary's Campaign Managers Already Figure Up 240 Votes for Him in Convention.

(BY DIRECT WIRE TO THE TIMES.)
COLUMBUS, (O.) Sept. 1.—[Exclusive Dispatch.] After a conference with Secretary James R. Garfield, who has been here on his return from the West, the Taft boomers believe that the President's chances for the Presidential nomination are excellent.

The report that Secretary Garfield brought, agrees that which had come to Columbus from Vicksburg from the West and Southwest through other channels. These reports say that the entire Northwest and part of the Southwest are strongly pro-administration. In some sections, the Republicans will not talk anything but Roosevelt, but Taft is the second choice with all of them who do not take him as their first choice.

Having their claims on these reports, the friends of Secretary Taft are beginning to count these delegates as theirs.

Washington, 19 votes; Oregon, 3; California, 35; Nevada, 4; Colorado, 10; Arizona, 3; New Mexico, 3; Utah, 4; Idaho, 4; Montana, 4; Wyoming, 4; Kansas, 20; Missouri, 35; Oklahoma, 14; Nebraska, 14; Iowa, 24; South Dakota, 4; North Dakota, 4; Minnesota, 22.

These States total up 240 votes, of which the Taft men here are quite confident.

PERHAPS PREMIER MURDERED.
THERAN, Sept. 1.—[Mina.] An Afghan Khan, Premier, was shot and killed as he was leaving the national council last night.

EX-ATTORNEY-GENERAL TO BE TRIED FOR BRIBERY.

T. V. Halsey, Ex-Attorney General.

general counsel for the United Railways, who will be the next defendant placed on trial in the San Francisco graft prosecution. Dist. Atty. Langdon declares Ford's case bears a perfect analogy to that of T. V. Halsey in the telephone bribery case. Ford, who is a native Missourian, now fifty years old, is an ex-State Senator and Attorney General of California. He is a prominent figure in the professional, social and club life of the Bay City, an authority on corporation law, a man of exemplary habits, a Knight Templar and the father of three children.

LANGDON GRATIFIED BY GLASS CONVICTION.

Declares Verdict Is Triumph for the People of San Francisco in Their Battle for Clean Government—Preparing for Ford Trial.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, Sept. 1.—[Exclusive Dispatch.] Louis Glass, the convicted manager of the Pacific States Telephone and Telegraph Company, is destined to languish in the County Jail for many days.

His attorney will make a motion for a new trial, Wednesday, before Judge Loring, where the case will be argued. It is expected that these motions will be promptly denied and then the next step will be the filing of a bill of exceptions, but this cannot be done until the trial records, which comprise some 1800 pages of typewritten matter, are compiled.

In any event, Glass must spend some weeks in confinement in the County Jail, where he is incarcerated, all persons being denied access to him.

Dist. Atty. Langdon regards the conviction of Glass as a great triumph for the people of the city in their battle for clean municipal politics.

"One of the causes of social unrest in the country," said Langdon today, "is the belief of the people that the laws are not equally enforced for the poor and the rich; that there is short shift for the poor sinner, but that the one with enough money goes free."

President Roosevelt has done more to eradicate this impression, in his judgment, than any one else, and he is responsible for the wave of reform in business affairs that has swept the country.

The conviction of Louis Glass has shown the rich men in this country that they cannot commit crime with impunity. For half a century the laws of the country have been evaded by the criminal rich and when we were able to secure the indictment of these men in this community, they merely smiled and said: "What's the law?"

THE CONVICTION OF GLASS shows that, no matter what his wealth or station, no man is above the law.

FORD TRIAL NEXT.
Asst. Dist. Atty. Heney has announced that the prosecution is ready to proceed at once with the trial of T. V. Halsey, chief counsel of the United Railways. Ford is under joint indictment with Attorney William Abbott, President Patrick Calhoun, Thorne Mullaney, Abraham Ruef and Eugene Schmitz on fourteen counts accusing him of paying bribes ranging from \$4000 to \$15,000 to members of the deposed Board of Supervisors. Dist. Atty. Langdon and Asst. Dist. Atty. Heney, who will conduct the prosecution, stated today that they have not decided which of the several charges will be made the basis of the trial.

Following the trial of Ford, the prosecution plans to proceed at once against Patrick Calhoun of the United Railways, in whose case the evidence is practically the same as that which will be brought out against Ford.

Were it not for the pendency before Judge Loring of the mass of motions to set aside, quash and strike from the files the indictment against the United Railways and other officials, the Ford case could be begun without delay, but the peculiar circumstances surrounding the status of the preliminary proceedings makes the time of beginning action a matter of uncertainty.

Judge Loring has withheld decision on the motions submitted to him up to the present time because the validity of the grand jury, as questioned in the action now pending in the Supreme Court, has not been determined.

LEGAL POINTS PENDING.
Should the Supreme Court decide that the grand jury was an illegal body at the time the indictments against the United Railways officials were returned, Judge Loring would be unable to proceed with the trial of any of the defendants. The ruling of the Supreme Court must cover the points he is now asked to decide.

It will be some time, however, before the decision of the Supreme Court can be handed down, and it is unlikely that with his calendar in its present condition it will be asked to decide.

It will be some time, however, before the decision of the Supreme Court can be handed down, and it is unlikely that with his calendar in its present condition it will be asked to decide.

It will be some time, however, before the decision of the Supreme Court can be handed down, and it is unlikely that with his calendar in its present condition it will be asked to decide.

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Sept. 1.—[Exclusive Dispatch.] It was 92 deg. at the top of the weather tower on the Federal building for three hours in succession today, while on the streets below thermometers recorded as high as 95 deg. It was the hottest September 1 that has ever been known in Chicago since the local bureau began to inform the citizens of their misery. The minimum temperature was 71 deg. at 5 o'clock in the morning. Middle West temperatures:

Alpena 63, Bismarck 72, Cairo 75, Cheyenne 54, Cincinnati 59, Cleveland 75, Davenport 72, Des Moines 76, Detroit 72, Duluth 74, Dubuque 74, Duluth 72, Egan 68, Grand Rapids 59, Green Bay 74, Helena 72, Huron 74, Indianapolis 72, Kansas City 59, Marquette 64, Memphis 54, Milwaukee 59, Omaha 75, St. Louis 54, St. Paul 53, Salt Lake 59, Springfield, Ill. 54, Springfield, Mo. 59, Wichita 54.

VOLIA NOW A SOCIALIST.
Shades of Dowd and Carl Marx, take notice. William Glenn Vols, alleged usurper of the robes of Elijah III, one time ruler of Zion City and its peoples, has become a Socialist. Today he announced that he was about to establish a Socialistic community of his own. He made this known to the Zionites who still believe that he was about to establish a community in New Mexico where each and every dispirited would have 120 acres of land. Then he departed from Socialism to hold out a helping hand to splinters. Every old maid, he declared, would have a chance in the new paradise. He will help each and every one pining for a husband to obtain one of her very own, which goes some steps outside the community ownership proposition.

TO SHOW OFF THE MISSISSIPPI.
Agreements are practically concluded for the trip President Roosevelt will make down the Mississippi River. On October 1 the President will embark at Keokuk for the trip to study the middle continent waterway with special reference to its improvement to the ultimate importance of a ship canal. There will gather at Keokuk a group of United States Senators and Congressmen, with the Mississippi River Commission, the Governors of a dozen states, St. Louis committee, deep waterway promoters and other notables and organizations, coming chiefly by river and on steamboats.

MONUMENT FOR A HORSE.
A \$50,000 monument for his horse is a feature that has been incorporated in the will of Henry Nelson, during him to come out. He responded to the invitation when he turned full on his face, the squirrel gun whirled, and he had filled with carbolic acid.

SEARCH FOR MISSING NUN.
(BY DIRECT WIRE TO THE TIMES.)
TRAVESSE CITY (Mich.) Sept. 1.—[Exclusive Dispatch.] Sheriff Kille of Belleville has just learned that employing a lawyer to prove himself a hero is an expensive business. Boettcher was awarded a Carnegie hero medal several months ago for saving the life of Daniel Hopp in a coal mine near Belleville. Now he is made the defendant in a suit for \$500 attorney's fees. Thomas R. Moul is the plaintiff.

HICKS' FORECAST.
(BY DIRECT WIRE TO THE TIMES.)
ST. LOUIS, Sept. 1.—[Exclusive Dispatch.] The Rev. Earl R. Hicks, the St. Louis weather prophet, is of the opinion that September will be disturbed, if not phenomenally stormy. The astronomer outlook, he says, strongly points to such results. In his forecast, Mr. Hicks says that storms will sweep progressively over the country from the 4th to the 7th of September, and that seismic shocks will be felt in many places within forty-eight hours of noon of the 7th.

MOTORMAN ARRESTED.
(BY DIRECT WIRE TO THE TIMES.)
CHARLESTON (S.C.) Sept. 1.—[Exclusive Dispatch.] Ben F. McClara and Charles Bots, motormen of the two cars which collided near here Friday, Tuesday in the death of fourteen persons and serious injury of more than forty, were arrested today on charges of criminal negligence.

YOUNG FRIENDS.
CARBOLIC ACID IN SQUIRT GUNS.
BALT LAKE LAD FRIGHTFULLY BURNED BY OTHER BOYS.
Youthful Miscreants Annoy Him at His Work, Taunt Him Out of Nickel Theater and Then Squirt Burning Poison Upon His Face—He Saves Sight by Closing Eyes.

(BY DIRECT WIRE TO THE TIMES.)
SALT LAKE (Utah) Sept. 1.—[Exclusive Dispatch.] Three boys, ranging in age from ten to thirteen years, were committed to the County Jail in New Brunswick, N. J., yesterday, charged with the murder of a lad of eleven years in front of a synagogue in Richmond street, in the center of the town, Saturday night.

The prisoners are George Holoworth, Joseph Lout, Joseph Erhart, John Barrow and Charles Harris, and the victim was Joseph Chikinski.

Chikinski was about to enter the synagogue, where special services were being held, when one of the five defendants fired a shot at him. Chikinski fought back, but the odds were too much for him, and in a few minutes he was knocked unconscious to the ground.

Opening of the New Townships of Oregon, September 15, 1907.

TO REMAIN IN AN ASYLUM.

Would Cure Esther Mitchell of Delusions.

Girl Murderer Will Not Be Sent to Prison.

Must Give Up Rollerism or Die in Retreat.

(BY DIRECT WIRE TO THE TIMES.)
SEATTLE (Wash.) Sept. 1.—[Exclusive Dispatch.] Prosecuting Attorney Kenneth Macintosh has decided after an exhaustive study not to attempt to send Esther Mitchell to the State Penitentiary under the criminal insane statute passed at the last session of the Legislature.

She will remain at Fort Steilacoom until she is cured of her "Holy Roller" delusions or dies.

Esther Mitchell, acting under the directions of Mrs. Maud Creffield, shot and killed her brother, George Mitchell, in the Union Depot at Seattle, last July, within a week from the time he had been acquitted of the killing of Joshua Creffield, on First avenue.

The jury justified Mitchell's shooting of Creffield on the ground that he had been wrought up by stories that his sister had been led into the Holy Roller delusion by Creffield, and that she was a party to the disgusting practices of that sect. Though summoned here as a witness, Esther Mitchell refused to forgive her brother, and she plotted his murder with the widow of Creffield.

The widow, Mrs. Creffield, said she had been under conditions that indicated suicide, but Esther Mitchell was sent to the insane asylum.

After thorough investigation, the County Attorney has decided that the new law will not permit Esther Mitchell's transfer to the State Penitentiary.

USED GIRL AS A BLIND.

New Jersey Youth Easily Pentoned Ripe When She Was With Him, Then Sold Them for His Own.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Sept. 1.—[Exclusive Dispatch.] George Harris and Lotta Brown were in the Central Police Court this morning on a charge of being fugitives from justice. Harris is said to be wanted on charges of horse-stealing in several places in New Jersey. The New Jersey officers announced that they were seeking the connect, Miss Brown with his operations and she was discharged. Harris was held to await requisition papers.

Miss Brown, it was said, was used by Harris as a blind.

She was introduced as his wife when he appeared at a lively stable saloon for a good horse to drive for several days. He always got the best, on his own engaging manner, and the good looks of the young woman. The New Jersey officers did not think she was aware of what Harris was doing, as he seems to have fooled her as well as the livestock.

Immediately after she was discharged, she left court and did not return to No. 50 West Twenty-fourth street, where the couple had been stopping, although their baggage was still there.

WONDERFUL FRENCHWOMAN.

BERNHARDT IS BUSY WRITING.

Will Produce Her Own Play Next Winter.

Success of Her "Adrienne Lecouvreur" Last Season Encouraged Her to Persevere in Path of Dramatic Authorship—Completes Second Volume of Her Memoirs.

(BY DIRECT WIRE TO THE TIMES.)
PARIS, Sept. 1.—[Exclusive Dispatch.] Sarah Bernhardt has spent part of her vacation at her summer home on Belle Isle, in the Bay of Biscay, writing a four-act play for production next season in her own theater in Paris.

She says the success of her "Adrienne Lecouvreur" last season encouraged her to persevere in the path of dramatic authorship and especially as it would be a distinct waste of money to pay other people to write plays for her if she can supply them herself, to say nothing of the additional advantage of avoiding friction between author and manager.

Mrs. Bernhardt keeps her own counsel regarding the nature of her latest achievement, but says the play is strictly modern.

Pending the production of the first volume of her memoirs simultaneously in New York, London and Paris, she has written the latter part of the second volume and contemplates writing a third volume. She says she is simply brimming over with reminiscences and anecdotes.

Though professing a fervent desire to spend her whole existence in the country, Mrs. Bernhardt is preparing to start for Paris early in September for a few days, at the expiration of which she will leave for a long European tour.

She is in excellent health and is as full of life and vigor as ever.

NO EULOGY OR ADDRESS.

Funeral of the Late Richard Mansfield Will Be of Simplest Character. Honorary Pallbearers Named.

(BY DIRECT WIRE TO THE TIMES.)
NEW LONDON (Cl.) Sept. 1.—[Exclusive Dispatch.] By request of the family, there will be no address or eulogy at the funeral services of Richard Mansfield, which will be held at noon tomorrow.

The Rev. Alfred Poole Grant, rector of St. James Episcopal Church, will be in charge, but the services will be of the simplest character. After an opportunity has been given to the assemblage to view the features of the dead actor, the choir of St. James Church will sing the hymn, "Lead Kindly Light," then a funeral procession will be formed for the burial place in Gardner Cemetery, which is across the street from the Mansfield home.

The honorary pall bearers will be: Commander John Parker, U.S.N., Webster Jewett, Robert Appleton, R. Stevens, Paul Willitsch, Col. A. C. Tyler, Roland P. Kearby, and Dr. William P. Appleton.

All day today the body lay in a coffin in the room in which the actor died.

HIS LAST WHIPPING.

SPANKING WILL CAUSE DEATH.

DYNAMITE CAP IN BOY'S HIP POCKET EXPLODES.

Michigan Youngster Who Innocently Placed Explosive in His Trousers Is Fatally Injured, While His Mother, Who Was Not Sparring the Shingle, Loses Two Fingers.

(BY DIRECT WIRE TO THE TIMES.)
SHEBOYGAN (Mich.) Sept. 1.—[Exclusive Dispatch.] The 7-year-old son of Fred Williams, living at Bear Point, on Crooked Lake, near this city, has no ulterior motive in placing a dynamite cap in his hip pocket, while watching his father using the explosive to blow up stumps on his farm, but this action probably will result in his death.

The boy was called into the house by his mother and spanked for some childish offense. A shingle was wielded as the instrument of torture, and at the first blow the percussion cap exploded, tearing a hole in the boy's thigh. The mother lost two fingers and received a number of minor cuts about the face and body.

Mrs. Williams had called her son from the field to do some little chores about the kitchen, and the boy forgot for the moment all about the little "fire cracker" he had picked up where his father was working. He also failed to remember it a few minutes later when his mother pulled him across her knees and started to apply the shingle.

The boy's injuries are pronounced fatal.

THE TRUSTS.

BIG STICK FOR LUMBER TRUST.

SECRETARY GARFIELD DISCUSSES ADMINISTRATION PLANS.

Declares Information Has Been Secured Regarding the Guilty and That Government Will Proceed to Break Up Illegal Combination and Punish Criminal Acts.

(BY DIRECT WIRE TO THE TIMES.)
CLEVELAND, Sept. 1.—[Exclusive Dispatch.] Secretary of the Interior James R. Garfield, in an interview in his morning room on his return from a conference with President Roosevelt, outlined the administration's next great clash with the trusts.

The lumber trust is to be the next foe with which the Roosevelt administration will measure swords, said Mr. Garfield, who talked freely of the intention to wage a campaign to prevent combinations in restraint of trade in the lumber industry, intimating that prosecutions would follow in the effort to preserve the forests and to abolish monopoly.

Mr. Garfield said he would be actively interested in the campaign, although the real battle would be waged by the Bureau of Corporations of the Department of Commerce and Labor, and by the inland Waterways Commission, headed by Representative Theodore E. Burton of this city.

"Our investigation," said Mr. Garfield, "has brought to light that there is a lumber trust. We have the information clearly and concisely showing the guilty. Although I cannot say when the first action will be commenced, I presume it will take the form of an inquiry before the Interstate Commerce Commission. The lumber business is a national industry and the material interest now controls the lumber business."

"Who is that?" was asked.

Mr. Garfield only smiled when James Hill was mentioned, but he remarked: "I will say that the Weyerhaeuser, who formerly controlled the market, is not out of it. The Weyerhaeusers are a type among the lumber holders and still are, perhaps, the largest owners."

"It is for the government to correct illegal combinations of lumbermen who have joined together in any way to restrain trade. The government will not be lenient where any criminality is apparent."

MINERS QUIT WORK.

Men Employed in Cripple Creek Property Object to Taking Out Recognition Cards.

(BY THE ASSOCIATED PRESS-P.M.)
CRIPPLE CREEK (Colo.) Sept. 1.—Rather than take out mine owners' recognition cards, 125 men out of 450 employed by the Portland Gold Mining Company quit work last night.

This includes seventy-seven of timber men and their helpers, who demand an increase of 10 cents a shift. The timbermen have been receiving \$2 per day and their helpers \$1 per day. It is predicted that between 300 and 400 men will refuse to take out cards Monday and will quit work.

Opening of the New Townsite of Corcoran, September 8th, 1907.

One of the first best sugar factories in the state, now being built there by the Pacific Sugar Corporation.

"The Queen of Table Waters"

RAILROAD RECORD.

GEORGIA GETS LOWER RATE.

Railroad Commission's Order Takes Effect Today.

Unable to Secure Injunction Roads Will Obey.

Gov. Smith Declares Law Will Be Enforced.

(BY DIRECT WIRE TO THE TIMES.)
ATLANTA (Ga.) Sept. 1.—[Exclusive Dispatch.] The order of the Georgia Railroad Commission reducing passenger fares will go into effect tomorrow and it will be obeyed by every road in the State.

Officials of roads disregarding the law will be indicted and prosecuted by Gov. Hoke Smith. The Governor has notified all judges and prosecuting officers in the State to watch for violations of the law.

The indications are that every road in the State will put tickets on sale at reduced rates. The roads so far have been unable to secure a Federal injunction and there seems nothing to do but obey the order.

The Atlantic Coast Line, the Georgia Central, and the Atlanta and West Point went before United States Judge Selby at Huntsville, Ala., yesterday and asked for an injunction, but the judge refused to grant it. The judge, however, ordered the Georgia commission to appear September 16 in Atlanta before some United States Circuit Court judge to show cause why an injunction should not be granted.

In refusing a restraining order Judge Selby commented sharply on the action of the railroad in waiting until two days, one of them Sunday, before the order was taken effect to ask for an injunction, although the order reducing rates was made three months ago. Judge Selby held that there is no presumption to begin with that the order of the commission is invalid and that it is prima facie evidence that the commission has acted in good faith and that the order reducing the rate is not confiscatory.

"I cannot hold," says Judge Selby, "that the affidavit to the bill filed by the railroad outweighs the prima facie presumption that the action of the Georgia Railroad Commission is valid. I am of the opinion that the motion for a temporary restraining order should be overruled."

This action by Judge Selby made Gov. Smith very angry. He said that the railroad's action was a violation of the Georgia Railroad Commission is valid. I am of the opinion that the motion for a temporary restraining order should be overruled."

This action by Judge Selby made Gov. Smith very angry. He said that the railroad's action was a violation of the Georgia Railroad Commission is valid. I am of the opinion that the motion for a temporary restraining order should be overruled."

THREE TRAINS IN DITCH.

Washouts on the G. H. & S. A. Railroad Causes Wrecks and Tie Up Traffic.

(BY THE ASSOCIATED PRESS-P.M.)
EL PASO, Sept. 1.—Traffic on the Galveston, Harrisburg and San Antonio Railroad (Southern Pacific) is tied up tonight by washouts on the El Paso division. Two freight trains and a wrecking train are in the ditch.

The derailment of the wrecking train caused the injury of four men, one being fatally hurt.

WELCOME TO OUR CITY.

YANKEES ROYAL VISITORS.

SOUVENIR HUNTERS LOOT SWEDISH CRUISER FYLGA.

More Than Ten Thousand People Fleck Aboard Vessel and Nothing Portable Escapes—Breach Lock of Big Gun Is Taken, but Fire in Steve Saves Chef's Mainstay.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Sept. 1.—[Exclusive Dispatch.] Swedish hunters felt upon the Swedish cruiser Fylga, Prince Wilhelm's ship, today.

They went over the vessel from stem to stern like a swarm of locusts over a Kansas wheat field, and when the predatory visitors had gone his triumphant way the engineer of the cruiser made the startling discovery that the loss of their weight had made a noticeable difference in the registered displacement of the ship.

More than 16,000 visitors came and went over the side of the Fylga, and the ship's officers think that no one went away empty-handed. Scabbards of officers' swords, sailors' caps, wine glasses, binoculars, and other easily portable articles were taken. There was a fire in the kitchen stove, which, however, carried away the breach lock of the big gun in the forward barbettes.

Prince Wilhelm was nearly mobbed by the throng of curiosity seekers who assembled at the landing when he went ashore. In spite of the fact that it was Sunday the Prince had as busy a day as usual. He attended divine services aboard ship, entertained a small party of friends with luncheon, and then he carried out the sovereign's duty of visiting the harbor.

Unless some vital part of the machine was carried off by the souvenir hunters the Fylga will sail tomorrow for Boston.

SEEK THEIR FORTUNES.

E. Contreras of No. 54 Gallardo street reported that his two nephews, Charles and Frank Curlew, 9 and 19 years old, respectively, ran away from home Saturday and no track can be found of them. The police are investigating.

Interest 3%
on a current bank account amounts to a neat sum in a year. We allow interest on all classes of accounts.

C. J. Walter, Prop. Established 24 years.

"SERGT. GRANDPA TYLER" NOW.
Sergeant Grandpa Tyler, in the manner in which Police Sgt. J. W. Tyler is being addressed by his men at Central Police Station. Sgt. Tyler has only enjoyed the distinction of being grandpa for a few hours. Saturday a girl was born to Mrs. H. A. Hopkins, Sgt. Tyler's daughter. The sergeant is a genial appearing man, but he seems even brighter upon his squad as he takes them out of the station.

LOOKING FOR TROUBLE.
S. Hossman was arrested at Chutes Park last night after a desperate fight with Patrolmen Vary and Kirene. Witnesses claim that Hossman was making himself obnoxious and when the officers told him to keep quiet he refused to do so. Another feature of the fight is said to have been the inactivity of a police official, who allowed Hossman to fight with the two officers and made no effort to assist them.

PARTIAL TO SKIRTS.
A daring burglar entered the house occupied by the Rev. Charles H. Thomas, a salesman residing at No. 218 West Fifth street, fell against the concrete walk and sustained a deep wound above his left eye. He went to the Receiving Hospital for treatment.

BRENT'S SELLING OUT
Thousands of Homes Are Filled Up As Our Monster Stock is Being Emptied

Everything goes. Every stick of furniture, every piano, carpet and rug. We shall allow no competition—take or otherwise—in the sale of this stock. If the dollar won't sell for us, we will give it away. We are not trying to raise money. We are emptying out stock preparatory to greatly enlarging it. We are prepared, if necessary, to give away every dollar of this stock in this way; but of course this can not be necessary, for thousands of families are only too eager to buy beautiful necessary furniture at reductions from 25 per cent. to 50 per cent.

Tuesday's Hour Specials—Not Monday's
Don't make a mistake and come for these specials today as the store is closed all day. These on sale Tuesday:

FOR SALE—

"NOTICE"
To homebuilders and those who pay rent,
A QUESTION TO ANSWER.
Why do you not let us build you a house to
suit your own ideas, and pay for it like rent,
month by month?
I have built the past few months and sold
to the following purchasers, and you can see
the houses, also the purchasers, and let them
tell you if they did not get a good
home and a square deal.
A. Heibach, 677 Madison ave.
S. Van Der Stig, 689 Madison ave.
A. Perdue, 679 Madison ave.
M. S. Kohn, 675 Madison ave.

P. H. Rosen, 2796 Eagle st.
P. A. Allen, 2786 Eagle st.
P. J. MacFarlane, 2784 Eagle st.
Samuel B. Raymond, 2778 Eagle st.
John Smith, 2586 Eagle st.
Mary E. White, 2771 Eagle st.
M. M. Donahue, 1505 W. 1st
And I am now starting a number of very fine bungalows in Stadium Junction tract, on the Long Beach line, and inside the city limits, one of the finest residence tracts in this city. All city water, gas, and an electric car passing through the tract every 4 hours. It is bound to advance in value. The soil is fine for all kinds of vegetables, and some are growing. The lots have trees and berries full bearing, paying enough to support a small family.

If you are interested in your own
affairs, and want a liberal home possession
can put up to you.
I have a limited number of lots that I will
sell for \$1000.00 to build, small
settling well back from the front, which will
make very attractive little homes, and as
cheap you cannot afford to pass them by and
over on paying your debts to some one else
yourself.
I will build on any of my various tracts
that are not sold out, namely:
No. 1, Vernon & Cooper, only 2 lots left.
No. 2, Vernon & Cooper, 1 lot left.
No. 10, Vernon & Cooper, a number to select
from.
No. 11, Vernon and Cooper, No. 2, only

No. 12. Pleasant View Tracts, a number to select from.
If you do not want me to build for you then quit and select any lot, vacant and build your own house, or hold for the future, until you are ready to build, or for an investment, can recommend no better savings bank.
"Dear reader, I have now given you all the good advice I can give you."
J. FRANK MOWEN,
Subdivider of the 15 Big Tracts.
2 425-W-41 Douglas Bldg.

**FOR SALE—THE RIGHT TIME TO BUY AN ACRE
AT BELLE VERNON IS RIGHT NOW.
PRICE LOW AND TERMS EASY.**
You can waste a lot of money in serious in-
vestment, but you could not lose a cent in an
investment here. Try it. Every foot of the
land is fine below actual value and prices

steadily advance. If you want to ensure a place for an ideal home, you must be prepared to make a considerable investment. If you want the strongest incentive to save your money, putting away a little at a time, where it will increase in value with discount savings and interest, is the best way to go. The "Savings Plan" is the place for you. The place will never again be as low as this summer. The terms may never again be so easy.

**A WHOLE ACRE ONLY \$60.
ONLY 10 DOWN.**

The garden will make your payments. The fit is the best. The water is more abundant than at any other location in Greater Angeles. It is piped to you direct and costs you not a penny. The location is on

NUFY, DON'T WAIT
until the acre you might want has been
taken by somebody else. Remember that this
is the biggest kind of a bargain counter and
you don't buy now, you never can.
All this property between the city and the
lake is fast going. It is the capitalists
here who are growing too valuable for home
and garden you can cut it up into lots and
sell each lot for more than the acre costs you
now.

GREAT TENNIS FOR DEL MONTE.

BEST PLAYERS ON COAST ARE NOW GATHERED THERE.

W. K. COWAN

THE RAMBLER MAN

830-834 South Broadway

DEL MONTE, Sept. 1.—The best tennis players of the south and the north are entered in the lists in the Pacific Coast championship tournament, which is now on at Del Monte. With highly thought that he has the best chance of defending his title of any one who has held the honor in the last seven years. Since George Whitney successfully defended in 1903 no Pacific Coast champion has been successful in holding the highest tennis honor on the coast for more than a single year.

Office hours: 9 a. m. to 12 a. m., 5 p. m. to 8 p. m. Evenings, Tuesday and Saturday, 6 to 8. Sundays, 10 to 12 a. m.

MR. CHAS. DYER, 913 E. 53d St., Los Angeles, is another gentleman who has recently been cured of Catarrh of the Bladder. Mr. Dyer is employed by the Los Angeles Saddlery Co., at 404 Aliso St., and can easily be found if you wish to talk to him.

Dear Sir: For more than thirty years I suffered more or less with nasal catarrh. In that time I tried many remedies, none of which cured, and but few gave relief. From January last until the time I began treatment with you, which was the latter part of June, I suffered a great deal. Many nights passed in sleeplessness and pain/day and night. Indeed, I was in a serious condition, but kept it to myself. Your first treatment eased the pains, and I very much appreciate what seems a very excellent condition. I have scarcely any pains, day or night, eat heartily, sleep well, and work like young man, though I am 63 years of age.

I give you this voluntary statement as but a slight token of my great appreciation. I regard you as my benefactor, as I am really a new creature as far as health is concerned.

I am a minister in the German Baptist Church, preach the first Sunday in each month at Tropic and put in the remainder of time in religious work and in colonizing in Loma, five miles north-west from San Diego.

Very truly yours,
M. M. EHELMAN, Loma, Cal.

DETROIT PROVES FASTEST YACHT.

YANKEE IS BADLY BEATEN IN GOOD TEST RACES.

Rival Yachts Sail Over a Short Course to Settle Long Standing Rivalry—Winner Shows Clean Pair of Heels all the Way—Mischief II Also Beats Her Sister.

DETROIT, with H. A. Dodge as skipper, administered a decisive defeat to Yankee, in the match race between the two yachts off Point Pinos, yesterday afternoon. With the advantage at the start of a little over a minute, the Detroit increased her lead all the way, and finished the race with a quarter of a mile lead. The Detroit sailed the Yankee, and got the best race possible out of her. Both skippers formerly sailed together in races of the South Coast Yacht Club, and friendly rivalry was very keen between them. The Detroit and Yankee have long been disputants as to which was the fastest boat, and yesterday's contest was really the first in which the two have been matched under impartial conditions.

DETROIT started from the whistling buoy off Point Pinos at 2:12:40 o'clock, according to the Detroit's watch, and Yankee followed at 2:13:15. They headed straight for Point Vicente, the Detroit rounding the stake boat at 4:15, and the Yankee at 4:25. Under a spanking breeze, the two sailed home in less than an hour. Yankee closed up, but three-quarters of a minute on the return trip. Detroit crossed the line at 5:09, and Yankee came in at 5:13:14.

Mischief II also sailed over the course, and on the return trip showed that she, as well as the Detroit, could exceed the speed of Yankee. The day was well adapted to the boat race, the breeze being from the west, which does their best in fairly smooth water with a good breeze. In the Nordinger trophy race, a week ago, Detroit beat the Yankee, but it was contended that the latter would make a better showing in rougher water. This condition was fulfilled yesterday, but the Yankee failed to win. It seems a settled fact that the Yankee, which was brought to the Coast from Lake Michigan expressly to trim Detroit, is unable to fill the bill.

GANS DRAWS SPORTS.

Black Champ Is an Odds-on Favorite Over Britt and Will Make the Weight Varily Easy.

(BY THE ASSOCIATED PRESS.—P.M.)

SAN FRANCISCO, Sept. 1.—Joe Gans's quarters at Alameda were packed to the rafters yesterday, as over one thousand interested spectators made the trip across the bay to get a first glimpse of the colored champion in his sparring bouts. His manager had announced that after today boxing would be eliminated from his regular course of training and this, no doubt, attracted a much larger crowd than usual. The Baltimorean is making the weight without apparent effort, being down to 135 pounds.

Britt also entertained a goodly number of fight fans at his headquarters. Britt is two pounds heavier than Gans just now, but will be able to reach the 135 pound notch at any time by a little extra burst of speed. He and his trainers came to town this evening to see the moving pictures taken of himself and Gans. He will not return to his training quarters until tomorrow night. The first betting on the fight came last night. Gans opening favorite at odds of 10 to 7.

Thomas Ketchel Berap.

SAN FRANCISCO, Sept. 1.—Joe Thomas and Young Ketchel will meet at Colma tomorrow in a scheduled contest of forty-five rounds. In the betting Thomas is favorite with the odds at 10 to 8.

Opening of the New Townsite of Corcoran, September 9th, 1907.

One of the finest best sugar factories in the State, built by the Pacific Sugar Corporation. The profits made in other best-sugar towns, hereafter, will be shared with the people of this town.

From January last until the time I began treatment with you, which was the latter part of June, I suffered a great deal. Many nights passed in sleeplessness and pain/day and night. Indeed, I was in a serious condition, but kept it to myself. Your first treatment eased the pains, and I very much appreciate what seems a very excellent condition. I have scarcely any pains, day or night, eat heartily, sleep well, and work like young man, though I am 63 years of age.

I give you this voluntary statement as but a slight token of my great appreciation. I regard you as my benefactor, as I am really a new creature as far as health is concerned.

I am a minister in the German Baptist Church, preach the first Sunday in each month at Tropic and put in the remainder of time in religious work and in colonizing in Loma, five miles north-west from San Diego.

Very truly yours,
M. M. EHELMAN, Loma, Cal.

BRING THIS AD. WITH YOU.

THE LOS ANGELES MEDICAL INSTITUTE

402 REMICK BLDG., 4th Floor, 517 S. Broadway, Los Angeles.

Office hours: 9 a. m. to 12 a. m., 5 p. m. to 8 p. m. Evenings, Tuesday and Saturday, 6 to 8. Sundays, 10 to 12 a. m.

MR. CHAS. DYER, 913 E. 53d St., Los Angeles, is another gentleman who has recently been cured of Catarrh of the Bladder. Mr. Dyer is employed by the Los Angeles Saddlery Co., at 404 Aliso St., and can easily be found if you wish to talk to him.

Dear Sir: For more than thirty years I suffered more or less with nasal catarrh. In that time I tried many remedies, none of which cured, and but few gave relief. From January last until the time I began treatment with you, which was the latter part of June, I suffered a great deal. Many nights passed in sleeplessness and pain/day and night. Indeed, I was in a serious condition, but kept it to myself. Your first treatment eased the pains, and I very much appreciate what seems a very excellent condition. I have scarcely any pains, day or night, eat heartily, sleep well, and work like young man, though I am 63 years of age.

MONSTER FIRE ENGINES FINE.

Official Tests Prove Their Great Power.

Eight Big Streams Play on Imaginary Flames.

All That Is Needed Now Are Large Hydrants.

Pumping thousands of gallons of water a minute, and delivering eight long streams from a single fire hydrant, the monster engines, recently purchased by the city, proved their worth as fire-fighting machines yesterday morning during a highly successful series of tests.

The engines, which are the largest ever built in the United States, were tested by the city fire department, and the results were most satisfactory.

of the streams were cut off, and the engine went up to 274 gallons, which is said to be a remarkable performance.

The makers claimed for the engine a capacity of 2200 gallons. Each engine exceeded the promised pumping capacity. The hose was connected with the water tower and from two-inch nozzles, elevated sixty-five feet in the air, the machine again made good. From nozzles one and three-quarters inches at the tip of 2200 gallons each minute were poured into space, from the battery of the water tower.

Attracted by the spectacle of a "dry fire" fight, a crowd thronged the sidewalks on Los Angeles street during the tests. The inspiring sight gave confidence to many in the ability of the Fire Chief and his men to cope with any blaze.

For the first test four lines of hose, each 250 feet in length, were used. Nozzles one inch in diameter were attached. The second test was the same as the first, with the difference that the one and one-eighth-inch nozzles were used. Three lines of 250 feet in length were used for the third test. The fourth test was registered with three lines of hose 100 feet in length attached to the water tower. Two-inch nozzles were used. The fifth test was the same as the fourth, only that one and three-quarters-inch nozzles were used.

The engines, which are the largest ever built in the United States, were tested by the city fire department, and the results were most satisfactory.

the business district, but only one of these new hydrants has been put in service. The change would have meant an expenditure of about \$25,000 between Temple and Ninth streets and between Los Angeles and Hill streets to have put six such hydrants on each block.

Superintendent Mulholland of the water department did not take kindly to the idea of spending such an amount for hydrants and despite the fact that the engines had been ordered, the new hydrants were not installed. If they were ordered today it would take four months to get all of them in service and just that long the city will be deprived of the big machines tested yesterday. The \$12,000 paid for them will be lying idle in some shed in which the engines will be housed.

LABOR UNION THUGGERY.

Al Young was arrested last night on the charge of battery and Jim Ryan, Young's victim, is confined to his bed as the result of a free-for-all fight Saturday night among a half-score of union-labor men at "The Dixie" saloon, Fifth street and Hill avenue.

An argument over socialism caused the fight and it is charged that Young, a unionite from Chicago, kicked and beat Ryan into insensibility. Others were injured. Young's bail is \$200.

PLAN RESERVE BY AQUEDUCT.

IRRIGATION DELEGATES WILL MAKE REQUEST.

Los Angeles Representatives Start for Sacramento and Will Support Government's Reclamation and Forestry Policies—Will Advocate Reclaiming Southwest's Arid Lands.

Delegates to the fifteenth National Irrigation Congress, which is to convene today in Sacramento, departed from Los Angeles last night on the "Owl" train.

Among the number were J. B. Lipple, and W. C. Mendenhall, an representative of the Chamber of Commerce of Los Angeles; Leo C. Gates and Capt. Amos L. Fries, representatives of the Engineers and Architects' Association; William Niles, representative of the County Board of Supervisors; ex-Gov. J. J. Gaiser, O. O. Reynolds, and P. F. Wood of this city; J. B. Clapp and P. F. Wood of Pasadena; C. E. S. Ormsby and George W. Redell.

The delegation goes as a unit for the support of the government's reclamation and forestry policies, and it is probable that the Los Angeles body will present to the congress a memorial in which the appreciation of this city and county will be expressed to the government for the advantages already given this city and Southern California.

It is also quite probable that the congress will be asked to endorse a request to be made by Los Angeles that the government form as a forest reservation the lands extending all along the route of the Los Angeles aqueduct from Owens River to the head of the San Fernando Valley.

Glifford Finchot has made the statement that the government would form a forest reserve along this great aqueduct if a unanimous request was made for the same by the California Congressional delegation; and the action of the present irrigation congress will doubtless have much to do with the stand taken by the Congressmen in this regard.

The Southern California delegation will advocate the extension of the government's projects for a reclamation of arid lands in the great Southwest; the reclamation of the Sacramento Valley and lands along the Rio Grande and the purchase of the liberal policy now prevailing for reforestation of the mountains of the Pacific Coast, which have become denuded through forest fires and other causes.

WOULD SPEAK DIRECT.

Representative of London Fruit Dealers Investigating Project in This City.

Rae Brown, of London, Eng., who has been a guest at the Hotel Rossmore for the past few days, departed yesterday for Galveston to continue his plans on what promises to be an important enterprise for the fruit growers of the Pacific Coast, and especially for Southern California.

Brown has been making thorough investigations here, and is convinced that a great industry may be developed in establishing a fruit ship route directly from Los Angeles to Galveston and New Orleans, and thence by fast steamer to England.

He will take up the details of the proposition in Galveston, and believes that the outcome will be the shipping of fruits and wines direct from Los Angeles to England in large quantities. He is the representative of well-known London fruit dealers who are said to be ready to lend their influence and trade relations to the project.

At the present time the apple growers of Watsonville and the Pajaro Valley send much of their fruit direct to England, and there is no reason, claims Brown, why Southern California cannot develop a like profitable exporting business which will deal directly with the English consumers.

WHEN SLEEP FAILS.

Take Hordford's Acid Phosphate.

Half a teaspoonful in half a glass of water just before retiring brings refreshing sleep.

Enrollment for Fall Term Every Day.

SPECIAL ANNOUNCEMENT

Equipment entirely new. One hundred typewriters of popular makes. A full line of down-to-date office equipment in our Model Office. Billing Machines. Adding Machines. Cash Registers. Rotary No. 10, Multiplying. Tabulators. Letter presses. Cabinet files. Card index systems. All pupils about to graduate use these things daily. Two splendid Eastern men have been added to our faculty. Mr. Irvin Mague, formerly principal in Spencerian Business College, Cleveland, Ohio, and Mr. O. T. Johnston, one of the most noted penmanship teachers in the United States, a graduate of the famous Zanerian Art School, is in charge of our penmanship work. Our Post Graduate Department is the only one on this Coast. The Brownberger Home School is better prepared for high-class successful work than at any time in our history. We are glad and proud of our great summer school and the best prospects for the coming season we have ever had. Beautiful home surroundings, lawns, flowers, shade trees, tennis court. A real home school. P. Brownberger, President. 353-57 West 7th Street.

HEALD'S

Southern California Business College

314 SOUTH GRAND AVENUE, LOS ANGELES, CAL.

A business school that has earned the consideration of all young people. Its doors and opportunities are open to you. Come and give your best effort and it will do the rest.

Enrollment now in progress. J. W. LACKLEY, Manager.

Schools and Colleges

THE CITY IN BRIEF

NEWS AND BUSINESS.

S.P.C.A. Auxiliary.

On account of the absence from the city of several of the officers, the meeting of the Ladies' Auxiliary of the Society for the Prevention of Cruelty to Animals, scheduled for tomorrow, has been postponed until the first Tuesday in October.

Improvement Association Meeting.

The Sunset Boulevard Improvement Association will hold an important meeting this evening to consider the proposed widening and paving of Sunset boulevard. Property owners in the northwest are urged to attend.

Bishop's Appointment.

Bishop Conaty has announced the appointment of Rev. Dennis Daly, who has been serving as assistant priest at Sacred Heart Church, East Los Angeles, as assistant at St. Joseph's Church, San Diego. Rev. William Powers has been transferred from San Diego to the St. Boniface Indian School at Banning.

Sinal Congregation's Services.

Simpson Auditorium has been engaged for the Jewish New Year services of the congregation Sinal, commencing next Sunday. The sermon will be delivered by Dr. Isidore Myers, rabbi of the congregation, and Dr. Massan, a well-known cantor from the East, will arrive in time to assist at these services.

Cigarette Causes Fire.

A lighted cigarette thrown from a window of the Golden West Hotel set fire to an awning over the entrance of the Arcade Hotel, No. 325 East Fifth street, yesterday afternoon. Two patrolmen formed a bucket brigade and quenched the fire without assistance from the fire department. The damage amounted to \$25.

Seeking Chicago Man.

Detectives are searching for Joseph E. Bechtel of Chicago, who is supposed to be in Los Angeles, and \$50 reward offered for his apprehension. Bechtel is mentally unbalanced and had no funds when he left Chicago several weeks ago. He started west for the gold fields of Nevada. He was traced to Los Angeles and it is believed to be here now. He is not wanted for any offense.

Fireworks Show.

The Campbell pyrotechnic display will begin at Fiesta Park tonight, featuring "The Destruction of San Francisco," as the special attraction. This pyrotechnic fire show, much after the manner of the familiar Fairland races, reproduces the fire in the Call building, the destruction of the Palace Hotel and the collapse of the City Hall. A considerable amount of general fireworks and set pieces will be shown after the first part.

New Theater Opens.

The new Los Angeles Theater, formerly the Casino-Hotchkiss, was thrown open last night for public inspection. The house has been entirely redecorated and improved several ways. The entrance has been moved several doors north on Spring street, so that the audience directly into the auditorium. The old foyer has been turned into a smoking room. The theater is leased to the Northridge Theatrical Association. It will be formally opened tonight by the San Francisco Opera Company in "Dolly Varden."

Pacific Coast Jesuits.

Very Rev. George de la Motte, who has been made superior-general of the recently created province designated as the California Rocky Mountain Mission, has come to California to make a personal inspection of the various Jesuit foundations and the general in this Coast. The new province includes California, Oregon, Washington, Idaho, Wyoming, Montana, South Dakota and Nebraska, and contains more than 400 Jesuits. There are now four colleges in the territory, and a number of schools. The superior-general will visit Los Angeles during his present itinerary.

May Have Been Drugged.

Running along a street in the vicinity of Fifth street and Maple avenue a woman, apparently insane, was captured last night by Patrolman Connelly. At Connelly's station she gave the name of Blanche Tallman. She seemed to be rational at times and during a luncheon told a reporter that she had been employed about this city as a pianist in retail music houses. She says that she came here in March and had been living in a rooming-house near Fifth and Main streets. She claims that she was elected from the rooming-house early Sunday morning. Several times last night persons inquired about her welfare over the telephone but refused to give their names. The reporters say that the woman may have been drugged. An investigation will be made by the police today.

BREVITIES.

J. W. Frey has moved his stock of pianos, grates, files and andirons to his warehouse, corner Los Angeles and Twelfth streets, where can be seen the largest assortment of black and brass fireplace trimmings to be found in the United States.

"After the Honey-moon's Over," the story the boys are whistling. We will mail you a copy to try, if you live outside the city of Los Angeles. Send your name and address to Popper's Music Company, No. 143 South Broadway, Los Angeles, Calif.

Ladies—You never have to pay more than \$2 for the finest shoes made, and the men need never pay over \$2.49. I sell \$2.50 to \$4 sample shoes at these prices. I can fit all feet. I am located on the second floor of the Broadway way. Visit my store and be convinced. Sample Shoe Man Stark.

Walter J. Wren & Co. fire insurance, moved to 726-7 Security building, corner Fifth and Spring. Both phones, Exchange 1557.

Early fall shoe styles are shown at the Cummings shoe, Fourth and Broadway. All the correct ones. Damon, Piano tuner, 219 Spring. Purns, D. Denton, barber, 212 S. Spring.

READY TO STUDY US.

Reservations have been made at the Alexandria for seventy-five members of the Brooklyn League touring party. The party will leave tomorrow morning in charge of F. N. Byron, local agent of the New York Central. Mr. Byron left this city yesterday to meet the party and escort its members to this city. The Brooklyn League is a non-political organization which has as one of its principal objects the study of civic questions. An annual tour is made of the country. The members are assigned to study certain municipal questions on their way in order to carry back enlightenment to the City of Churches. While in this city, the Chamber of Commerce and the Municipal League will join in entertaining the visitors.

Opening of the New Townsite of Corcoran, September 9th, 1907.

One of the finest best sugar factories in the West, now being built there by the Pacific Sugar Corporation.

For the first time in our history a train leaves Los Angeles for the north.

Investigate now.

HALLUCINATIONS.

REFUSES AID, GOES INSANE.

WELL-KNOWN ADVERTISING MAN TRIES TO END LIFE.

Puts His Faith in Christian Science After Severe Accident and Losses His Mind—L. C. Hulbert, formerly general manager of the Hulbert Advertising Company, is held at the Receiving Hospital and is thought to be hopelessly insane. Hulbert attempted to commit suicide at the home of a friend, No. 162 West Thirty-seventh street, Sunday morning about 1 o'clock, and after a desperate struggle was overpowered by two patrolmen. He was sent to the Receiving Hospital.

As the result of a street-car accident a year and a half ago, L. C. Hulbert, formerly general manager of the Hulbert Advertising Company, is held at the Receiving Hospital and is thought to be hopelessly insane. Hulbert attempted to commit suicide at the home of a friend, No. 162 West Thirty-seventh street, Sunday morning about 1 o'clock, and after a desperate struggle was overpowered by two patrolmen. He was sent to the Receiving Hospital.

When Hulbert attempted to leave a car at the time of the accident, he was hurled to the pavement and fell upon his head. After several weeks he was dangerously ill, but finally showed signs of recovery and partially regained his health. At that time he was advised to take an extended vacation, but his friends could not persuade him to do so.

For several years Hulbert has been engaged in the advertising business and had offices at No. 809 First building. About two months after he returned to his position as general manager of the agency, his friends and the employees in the office noticed that he was suffering from a nervous condition. He caused Hulbert to retire to his home in Ocean Park at frequent intervals for short periods, but he was determined to continue his active business life.

Relatives of Hulbert stated last night that the injured man became morose at times and his condition brought about an estrangement between himself and his wife. About two months ago they separated and she went to live with his sister at No. 320 East Thirty-sixth street, where she has resided since.

About a week ago A. K. Braun closed up the Hulbert Advertising Company because Hulbert was unable to attend to business. Hulbert was a firm believer in Christian Science and refused to have medical treatment. Christian Science friends took Hulbert in charge. At that time he was suffering only from slight hallucinations and showed no signs of becoming violently insane.

An insignificant incident excited Hulbert Saturday night and he gradually became violent. About midnight he began to threaten his friends. Suddenly the idea possessed him that enemies were pursuing him and that he was to be tortured. He dashed from the library into a room and after securing a razor walked out into the dining-room, where he made an attempt to kill himself.

Only the prompt action of friends in disarming him saved his life. The severity of the attack was notified and Officers E. McJannet and Rion were sent to the house. By the time they arrived Hulbert had become uncontrollable.

At the Receiving Hospital Hulbert gradually became less violent. He had regained his reason up to a late hour last night and the police surmised that there was little hope at present for him. The authorities will act upon the case today.

UNCLE SAM FINDING OUT.

MAY PROSECUTE HERE ALSO.

FEDERAL SUITS ARE LIKELY FOR RAILROADS.

Presence of Federal Agent Investigating for the Interstate Commerce Commission Supports Belief That Government Will Proceed Against Transportation Companies.

The presence in the city of a government agent making special investigations in behalf of the Interstate Commerce Commission lends additional color to the rumor that the railroad transients in a large part of the country are being investigated by the federal government. It is said that the federal government is making a close study of the local situation in regard to expected prosecutions in the United States courts for alleged violations of the Interstate Commerce Act.

After a prolonged absence in the United States, Dist. Atty. Oscar Lawler has returned to this city with the avowed intention of taking up the railroad rebate cases. It is reported that he was in consultation with United States officials in San Francisco, Portland and Seattle in regard to procedure in such cases.

All over the country, a number of actions are being brought in the federal courts against the railroads. It is argued that railroads having the right in this state will also be subjected to the judicial probe.

F. W. Allen, New York, one of the special agents in the employ of the Interstate Commerce Commission, was in this city during the past week. He was a guest at the Alexandria, but seldom was seen about the hotel. He appeared very busy, but was not inclined to be communicative about his business. It is said that the government agent made a close study of the local situation in regard to expected prosecutions in the United States courts for alleged violations of the Interstate Commerce Act.

On the day of his departure, he is reported to have informed one of the hotel clerks that his business in this city was concluded for the present. He said he had been making investigations along certain lines in a number of cities. He left for San Francisco and other northern points.

The government is making energetic efforts to obtain convictions for the alleged giving of rebates. Although the President has been questioned as saying he would cease to yield the "big stick" against the railroads, a number of criminal cases are pending in the United States courts in a number of judicial districts.

In addition to the rebate cases against the Santa Fe, which will come up at the next session of the United States District Court, it is believed evidence will be presented to the federal grand jury of numerous alleged violations of the Interstate Commerce Act.

Government officials are not given to talking in advance about proposed action. But from a reliable source comes the information that evidence against the Santa Fe and Southern Pacific roads may be presented to the grand jury.

HERE FOR WEEK.

Ambassador Creel Will Return to Mexico for Inauguration as Governor of Chihuahua.

Hon. Enrique Creel, Mexican Ambassador to the United States, will leave this city for Mexico the latter part of the week. After conferring with President Diaz and the Secretary of Foreign Affairs on matters of state, the Ambassador will return to the State of Chihuahua.

He will be accompanied by his wife and two children.

State of Chihuahua, of which he was recently elected Governor. He will be inaugurated into his governorship October 4, amid imposing ceremonies. Later, while considering the Mexican government, he expects to apply for a leave of absence in order to return to the Washington embassy. At the present time Mr. Creel is on a three-month leave of absence from his diplomatic duties at Washington in order that he may complete the governorship of Chihuahua.

Yesterday the Ambassador and his party went to the city of Chihuahua.

Last evening, F. Duret, a Mexican lawyer of considerable prominence, arrived at the Alexandria. He is a personal friend of Mr. Creel and will probably accompany him to Mexico City.

THEY GO TO LEARN.

A GOLDEN FLEECE.

LOS ANGELES BUSINESS MEN ON EXPEDITION.

Special Train Takes Large Party to Corcoran, the New Commercial City, Started With Local Capital. Cornerstone of Million-Dollar Best Sugar Factory to Be Laid.

Bound for Corcoran—the embryonic future great city over which Mayor Harper says he hopes to preside after he has fulfilled his mission as the official head of Angel Town—more than 200 representative business and professional men of Los Angeles and the surrounding towns departed by special Santa Fe train, last night, for the town of Corcoran, in the heart of the sugar country.

The train was composed of six Pullmans, handsomely equipped, and was chartered by the Security Land and Loan Company to take its guests to witness the laying of the cornerstone of the great best sugar factory to be erected at Corcoran at a cost of \$1,000,000.

While this event was the primary cause of the excursion, it has a wider and more potent purpose than merely witnessing the incident mentioned. It is intended as a boost for the development of a magnificent "back country," which shall pour its wealth into Los Angeles, while Los Angeles capital reaches out to aid it in many lines of development.

The magnificent possibilities of Tulare and Kings counties are to be impressed upon the sight-seers on this excursion, and their broadened knowledge of this splendid domain will be put to use in the campaign of development in which Los Angeles capital has already engaged thousands of dollars, and which is to be followed by many thousands more.

As Los Angeles men have been the active means in these activities, it is but natural that they should wish to see the town that is to become the metropolis of what is destined to become one of the richest agricultural sections of the State.

The special train will arrive at Visalia this morning at 8 o'clock, and after taking on a delegation of business men from that town, it will proceed to Corcoran, where a breakfast will be served, and during the day the cornerstone of the Pacific Sugar Company's factory will be laid, to be followed by a general survey of Corcoran and the adjacent land.

The excursionists will return to Bakersfield tonight, where they will be guests of the Bakersfield Board of Trade at a banquet, and they will arrive in Los Angeles tomorrow.

Dr. Alan Gardner will be master of ceremonies at the corner-stone laying, and H. J. Whitley will extend a greeting to the guests. Mr. Gardner will officiate at the laying of the cornerstone.

W. J. Wayte's theme will be "The Building of the Factory," and the timely topic of "Corcoran" has been assigned to George Hanna. "Benefit of the Best Sugar Industry" will be the subject to be spoken on by W. C. Petcher. Gen. H. G. Otis will speak of "The Press," and "The Industrial Revolution" will be set forth by P. S. Risher.

"Men Who Do Things" is the text on which H. C. Merritt will preach (California Development). Mr. King will speak of "What the Building of the Factory Means to Corcoran and Surrounding Lands." W. C. Patterson will speak of "The Future of Trade and Their Benefit to the Communities."

The personnel of the party is as follows: Col. W. R. Hays, New York; Dr. Alan Gardner, Hollywood; H. J. Whitley, L. C. Waite, S. J. Castellan, Riverside; N. A. Frazier, Fred Jepsen, Ocean Park; A. L. Brown, L. P. Brown, Santa Paula; Maj. P. S. Carr, Edw. Borchard, Frank Petus, Ray Gabbert, Oxnard; E. J. Lusk, L. C. Waite, Santa Paula; B. F. M. Patcher, C. I. Mosteller, E. O. Hanson, Hollywood; F. M. Farrand, Pasadena; M. R. King, Stewart Park; R. A. Frazier, Fred Jepsen, Ocean Park.

YOUNG NIMRODS IN HURRY.

Theodore Roosevelt, Jr., and Compa-

nion Secure Special Engine to

Take Them to Fields.

(BY THE ASSOCIATED PRESS.—P.M.)

WINONA (Minn.) Sept. 1.—Finding

that the heavily laden passenger train

on the Chicago and Northwestern

was unable to land them at mid-

night, last night, for the hunting

season in the South Dakota prairie

fields, where they will spend several

days, young Theodore Roosevelt and

Mary H. H. Roosevelt boarded a

freight and a flying dash was begun

across Minnesota.

They created a disturbance when

they found that the train would not

reach the hunting grounds until too

late for the morning hunt.

Forceful pressure to bear on the local officials of the road,

and a separate engine was sent west

with the two young men.

LITTLE HOPE FOR HIM.

Brigado Alvarez, one of the three

Mexicans wounded Saturday night by

Frederick Reibel, a shooting party, is

in a rooming-house at No. 4194 North

Main street, in a critical condition.

Alvarez is unable to stand, and his

condition is such that he is in no

danger unless complications set in.

Alvarez is a native of Mexico, and

bullet and there is little hope of his

recovery. He was also wounded in the

arm.

IN MEMORY OF MCKINLEY.
